The far-right activist can be heard telling officers: 'You're breaking my f**ing arm,' as he is handcuffed. Various police officers, all wearing protective masks, lead Robinson, real name Stephen ...

A real-life, can't-put-down spy memoir. The CIA is looking for walking contradictions. Recruiters seek out potential agents who can keep a secret yet pull classified information out of others; who love their country but are willing to leave it behind for dangerous places; who live double lives, but can be trusted with some of the nation's most highly sensitive tasks. Michele Rigby Assad was one of those people. As a CIA agent and a counterterrorism expert, Michele soon found that working undercover was an all-encompassing job. The threats were real; the assignments perilous. Michele spent over a decade in the agency—a woman leading some of the most highly skilled operatives on the planet, secretly serving in some of the most treacherous areas of the Middle East, and at risk as a target for ISIS. But deep inside, Michele wondered: Could she really do this job? Had she misunderstood what she thought was God's calling on her life? Did she have what it would take to survive? The answer came when Michele faced her ultimate mission, one with others' lives on the line—and it turned out to have been the plan for her all along. In Breaking Cover, Michele has at last been cleared to drop cover and tell her story: one of life-or-death stakes; of defeating incredible odds; and most of all, of discovering a faith greater than all her fears.

The CIA Is Looking For Walking Contradictions. You must keep secrets but skillfully persuade others to tell you theirs. You have to love your country but willingly leave it behind for dangerous operations around the world. You need to live a double life but be trustworthy enough to carry out the nation's most sensitive tasks. Michele Rigby Assad Was One Of Those People. Working undercover for the CIA, she served in treacherous areas throughout the Middle East—a woman leading some of the most highly skilled operatives on the planet. The threats were real. The missions were perilous. And deep inside, Michele wondered: Could she really do this job? Was she in the right place at the right time, or had she misunderstood her life's calling? Did she have what it would take to survive? In Breaking Cover, Michele has at last been cleared to drop cover and tell her story: one of incredible struggle; of unexpected challenges and thwarted missions; and most of all, of discovering a faith and a purpose that outweighed her greatest fears.

Long before the waterboarding controversy exploded in the media, one CIA agent had already gone public. In a groundbreaking 2007 interview with ABC News, John Kiriakou called waterboarding torture—but admitted that it probably worked. This book, at once a confessional, an adventure story, and a chronicle of Kiriakou's life in the CIA, stands as an important, eloquent piece of testimony from a committed American patriot. In February 2002 Kiriakou was the head of counterterrorism in Pakistan. Under his command, in a spectacular raid coordinated with Pakistani agents and the CIA's best intelligence analyst, Kiriakou's field officers took down the infamous terrorist Abu Zubaydah. For days, Kiriakou became the wounded terrorist's personal "bodyguard." In circumstances stranger than fiction, as al-Qaeda agents scoured the streets for their captured leader, the best trauma surgeon in America was flown to Pakistan to make sure that

Zubaydah did not die. In *The Reluctant Spy*, Kiriakou takes us into the fight against an enemy fueled by fanaticism. He chillingly describes what it was like inside the CIA headquarters on the morning of 9/11, the agency leaders who stepped up and those who protected their careers. And in what may be the book's most shocking revelation, he describes how the White House made plans to invade Iraq a full year before the CIA knew about it—or could attempt to stop it. Chronicling both mind-boggling mistakes and heroic acts of individual courage, *The Reluctant Spy* is essential reading for anyone who wishes to understand the inner workings of the U.S. intelligence apparatus, the truth behind the torture debate, and the incredible dedication of ordinary men and women doing one of the most extraordinary jobs on earth.

Call me naïve, but when I was a girl—watching James Bond and devouring Harriet the Spy—all I wanted was to grow up to be a spy. Unlike most kids, I didn't lose my secret-agent aspirations. So as a bright-eyed, idealistic college grad, I sent my resume to the CIA. Getting in was a story in itself. I peed in more cups than you could imagine, and was nearly condemned as a sexual deviant by the staff psychologist. My roommates were getting freaked out by government investigators lurking around, asking questions about my past. Finally, the CIA was training me to crash cars into barriers at 60 mph. Jump out of airplanes with cargo attached to my body. Survive interrogation, travel in alias, lose a tail. One thing they didn't teach us was how to date a guy while lying to him about what you do for a living. That I had to figure out for myself. Then I was posted overseas. And that's when the real fun began.

INSTANT NEW YORK TIMES BESTSELLER “Fast and thrilling . . . *Life Undercover* reads as if a John le Carré character landed in *Eat Pray Love*.” —The New York Times Amaryllis Fox's riveting memoir tells the story of her ten years in the most elite clandestine ops unit of the CIA, hunting the world's most dangerous terrorists in sixteen countries while marrying and giving birth to a daughter Amaryllis Fox was in her last year as an undergraduate at Oxford studying theology and international law when her writing mentor Daniel Pearl was captured and beheaded. Galvanized by this brutality, Fox applied to a master's program in conflict and terrorism at Georgetown's School of Foreign Service, where she created an algorithm that predicted, with uncanny certainty, the likelihood of a terrorist cell arising in any village around the world. At twenty-one, she was recruited by the CIA. Her first assignment was reading and analyzing hundreds of classified cables a day from foreign governments and synthesizing them into daily briefs for the president. Her next assignment was at the Iraq desk in the Counterterrorism center. At twenty-two, she was fast-tracked into advanced operations training, sent from Langley to "the Farm," where she lived for six months in a simulated world learning how to use a Glock, how to get out of flexicuffs while locked in the trunk of a car, how to withstand torture, and the best ways to commit suicide in case of captivity. At the end of this training she was deployed as a spy under non-official cover--the most difficult and coveted job in the field as an art dealer specializing in tribal and indigenous art and sent to infiltrate terrorist networks in remote areas of the Middle East and Asia. *Life Undercover* is exhilarating, intimate, fiercely intelligent--an impossible to put down record of an extraordinary life, and of Amaryllis Fox's astonishing courage and passion.

A dangerous undercover assignment... Another exciting True Blue K-9 Unit thriller To take down a serial bomber, NYPD K-9 officers Brianne Hayes and Gavin Sutherland must go undercover—as a married couple. But now the bomber is targeting them to halt the investigation. As the clock ticks down, can Brianne, Gavin and their K-9 partners find the culprit in time to save the city—and their own lives?

A LIZ CARLYLE INVESTIGATION 'Rimington tells her story with the crisp authority one would expect of James Bond's M' New York Times Book Review Recovering from a gruelling terrorist investigation, Liz Carlyle has been posted to MI5's counter-espionage desk. Her bosses hope the change of scene will give her some breathing space, but they haven't counted on Putin's increased aggression towards the West. Soon Liz is on the hunt for a Russian spy who threatens to plunge Britain back into the fraught days of the Cold War. Meanwhile, MI6 has hired Jasminder Kapoor, a controversial young civil rights lawyer, to explain issues of privacy and security to the public. But in this world of shadowy motives and secret identities, Jasminder must be extra-careful about whom she can trust ...

“Far from growing up in the wealthy, fox-hunting circles she had always suggested, her mother had in fact been raised in a foundling hospital for the children of unwed women.” – Editor’s Choice, The New York Times Book Review “Extraordinary ... fascinating, moving.” –The Telegraph “This emotional and transatlantic journey is a page-turner.” – Editor’s Pick, Amazon Book Review “Book groups will find as much to discuss here as they have with *The Glass Castle* by Jeannette Walls, and *Educated* by Tara Westover.” – BookList Recommended by The New York Times, The Saturday Evening Post, Amazon Book Review, The Atlanta Journal Constitution, Publisher’s Weekly, Kirkus and more, Justine Cowan’s remarkable true story of how she uncovered her mother’s upbringing as a foundling at London’s Hospital for the Maintenance and Education of Exposed and Deserted Young Children has received acclaim on both sides of the Atlantic. In the U.K., it has been featured in *The Mail on Sunday*, *The Daily Mail*, *The Daily Mirror* and *The Spectator*. The Telegraph calls it “extraordinary and *Glamour* magazine chose it as the best new book based on real life. The story begins when Justine found her often volatile mother in an unlit room writing a name over and over again, one that she had never heard before and would not hear again for many years – Dorothy Soames. Thirty years later, overcome with grief following her mother’s death, Justine found herself drawn back to the past, uncovering a mystery that stretched back to the early years of World War II and beyond, into the dark corridors of the Hospital for the Maintenance and Education of Exposed and Deserted Young Children. Established in the eighteenth century to raise “bastard” children to clean chamber pots for England’s ruling class, the institution was tied to some of history’s most influential figures and events. From its role in the development of solitary confinement and human medical experimentation to the creation of the British Museum and the Royal Academy of Arts, its impact on Western culture continues to reverberate. It is the reason we read Dickens’ *Oliver Twist* and enjoy Handel’s *Messiah* each Christmas. It was also the environment that shaped a young girl known as Dorothy Soames, who bravely withstood years of physical and emotional abuse at the hands of a sadistic headmistress—a resilient child whose only hope would be a daring escape as German bombers rained death from the skies. Heartbreaking, surprising, and unforgettable, *The Secret Life of Dorothy Soames* is the true story of one woman’s quest to understand the secrets that had poisoned her mother’s mind, and her startling discovery that her family’s fate had been sealed centuries before.
