Designed to accompany the series of Cambodian readers prepared by Franklin E. Huffman and Im Proum, this work is now reissued as an aid not only to students of the Cambodian language but also to Cambodians residing in English-speaking countries. The largest such glossary compiled to date, it includes some 10,000 words, with definitions that are useful and complete at a general level, beyond the specific context of the published readings. Although less comprehensive than a dictionary, it fills an important purpose as an inexpensive aid for speakers of either language.

Cambodian-English Glossary contains over 8,800 words. Originally published by Yale University Press, 1977. Reissued with permission by Cornell Southeast Asia Program, 1988. This is the third in a series of Cambodian readers prepared by Franklin Huffman and Im Proum, following their Cambodian System of Writing and Beginning Reader and Intermediate Cambodian Reader. The reader contains thirty-two selections from some of the most important and best-known works of Cambodian literature in a variety of genres—historical prose, folktales, epic poetry, didactic verse, religious literature, the modern novel, poems and songs, and so forth. The introduction is a general survey in English of Cambodian literature, and each section has an introduction in Cambodian. For pedagogical reasons, the selections are presented roughly in reverse chronological order, from modern prose to the very esoteric and somewhat archaic verse of the Ream-Kie (the Cambodian version of the Ramayana). The reader concludes with a bibliography of some sixty items on Cambodian literature. The glossary combines the 4,000 or so items introduced in this reader with the more than 6,000 introduced in the previous two readers, making it the largest Cambodian-English glossary compiled to date. The definitions are more general and complete than one usually finds in a simple reader glossary, in which definitions are normally context-specific. Because the glossary is so useful in itself, it is being made available separately as well as bound with the reader.

This volume consists of four parts: (1) The Cambodian Writing System, a formal description of the relationship between the writing system and the phonology of the language; (2) Programmed Reading Exercises, a series of highly structured reading drills to train the student to read all regular Cambodian word shapes; (3) Beginning Cambodian Reader, fifty reading selections, graded in length and difficulty, ranging from short, simple narratives to essays on various aspects of Cambodian culture; and (4) Cambodian-English Glossary, containing some 2,000 words.

This was the first English-Khmer (Cambodian) dictionary to be published in the Western world. It contains some 40,000 English entries and subentries and their translations. The primary objective of the dictionary is to provide a corpus of basic words and phrases which it would be useful for Western students of Khmer to know how to say or write in standard Khmer. The second objective is to provide the first comprehensive English-Khmer dictionary for Khmer students learning English, particularly important now because of the recent arrival in the United States of more than 15,000 Khmer refugees. The third objective is to provide a research tool for those linguists, philologists, and other scholars interested in the study of the Khmer language, notable both for its rich literary traditions and for its place in the linguistic history of Southeast Asia.
