Happiness and Humans—The Happiness Index

“ Humans may resemble many other creatures in their striving for happiness, but the quest for meaning is a key part of what makes us human, and uniquely so. ” -Roy Baumeister et al. (2013) Unlike happiness, meaning is not a fleeting state that drifts throughout the day; it's a more comprehensive sense of purpose and feeling of contributing to something greater than yourself.

Explanation: If we take life seriously, we'll never embrace ourselves as complete human beings. We must experience joy, fun, and relaxation so that we can share those feelings with the ones we love. 7. "Now and then it's good to pause in our pursuit of happiness and just be happy." — Guillaume Apollinaire

"Humans, as a rule, don't like mad people unless they are good at painting, and only then once they are dead. But the definition of mad, on Earth, seems to be very unclear and inconsistent. What is perfectly sane in one era turns out to be insane in another. The earliest humans walked around naked with no problem.
