The actual model number for the Mule 1000 was KAF450-B1.
To my knowledge they were made in 1988 and a few
leftovers were sold in 89 and 90, but still 88 models. The
engine was loosely based on the EN450 (LTD 454)
motorcycle. Parallel twin-which later became basically a Ninja
500 engine.

The Lily of Life: A Fairy Tale by The Crown Princess of Roumania. First published by Hodder & Stoughton, London; New York, 1913. "Graceful fancy, elevated sentiment, and simple but dignified expression ensure a high place among the fairy tales of the publishing year for the Queen of Roumania's charming work, The Lily of Life.... The merit of the telling is unusual, and it has the further advantage of being presented in an exceedingly handsome and artistic form. The coloured illustrations of Miss Helen Stratton show graceful drawing and fine gradations of tone. They are not merely a pictorial summary of the story, but genuine works of art, and a distinctive feature of the volume."-Scotsman

Description A varied collection of parents' stories about raising children and teenagers with Aspergers. The contributors have bravely written totally honest, deeply moving and sometimes harrowing accounts about what it really feels like to care for a challenging child. The book helps to remove the isolation and guilt felt by so many parents. Embedded within the narratives are their unique ways of coping which may inspire some with new strategies to try. This book will also appeal to relatives, friends and professionals seeking to get a better understanding of Aspergers and the far reaching effect on the family unit. About the Author Anna Van Der Post is both a research psychologist and a mother of a teenager with Aspergers. She has worked as a researcher for both mental health charities and the National Health Service. For the last fourteen years she has lived in the South West of England with her son whom she has home educated. Anna enjoys coastal walks, cryptic crosswords and spending time with her friends.
