"This textbook covers all the theory and technology sections that students need to learn in order to pass level 1, 2 and 3 automotive courses from the Institute of Motor Industry, City & Guilds and other exam boards. It has been produced in partnership with ATT Training and is a companion to their online learning resources. Learning is made more enjoyable and effective as the topics in the book are supported with online activities, video footage, assessments and further reading. If you are using ATT Training materials then this is the ideal textbook for your course"...

This is a general reference work on all aspects of intellectual property, including international treaties and conventions, analyses of all fields of intellectual property, its administration, enforcement and teaching, technological and legal developments, and WIPO's work in its Member States. It covers issues including electronic commerce, biotechnology, traditional knowledge and management of copyright and related rights and WIPO's vision and approaches to meet new challenges with a widening circle of partners. Can be used as a key reference work by creators, innovators, intellectual property lawyers, government officials, university teachers and students.

Following the success of the first (1995) edition, this fully updated report will provide a global overview of the use of automotive plastics and composites in passenger vehicles, with an analysis of markets and trends to the year 2007. Special attention is given to vehicle weight reduction. For a PDF version of the report please call Tina Enright on +44 (0) 1865 843008 for price details.

The powerfully-built nightclub bouncer kidnapped and murdered 13 year old Milly Dowler as she walked home from school in broad daylight. She had stopped for a bag of chips with friends at a railway station cafe. The case horrified the nation when six months later her body was found 25 miles away by mushroom pickers in a quiet wood in the Hampshire countryside. Her abduction and death was described as 'every parent's nightmare'. He also murdered, in an equally horrendous manner, 19-year-old Marsha McDonnell and 22-year-old French student Amelie Delagrang with blows to the head after they got off late-night buses in South London. He attempted to kill Kate Sheedy, an 18 year old he deliberately hit with his car as she walked home shortly after midnight, before reversing over her body. She survived only after major surgery in hospital.Levi Bellfield was one of the most notorious killers of his time. His crimes, his dramatic trials at the Old Bailey, plus the stories of his young victims and the devastating impact on their families are examined in detail in this chilling study of the violent deaths and danger to innocent young girls at the hands of a total stranger.
